

Builder Basics — The Living Village (Extension · Beginner)

Topic: Bring It All Together · **Course:** Builder Basics · **Level:** Beginner · **Type:** Extension Activity · **Time:** about 40 minutes

🧩 A bonus challenge, not a weekly lesson. Try it after **Complete Your Village**.

1 · The Challenge

Make your village feel **alive** — with crops, animals, and water. It must have **all eight** of these:

 Farm  Farm house  House with a watchtower  Fence  Pond with fish  Bridge over the pond  Well  A few animals

One rule: build with... Circle one: code · your hands

Tick each one when it is done in your world:

☐  Farm ☐  Farm house ☐  House with a watchtower ☐  Fence ☐  Pond with fish
☐  Bridge over the pond ☐  Well ☐  A few animals

2 · Match It

A farm is made of rows of... Circle one: crops · doors · lava

A watchtower is a tower that is... Circle one: tall · flat · underground

A bridge goes over the... Circle one: pond · roof · farm

Fish live in the... Circle one: pond · fence · well

3 · Use a Loop

A loop repeats the same step again and again.

Which one is best made with a loop? Circle one: one animal · a row of crops · one block

A fence has four sides. Between each side, the agent must... Circle one: turn · stop · fly away

4 · Show Your Work 📷 🎥

Go to your world. Build them with code: the **farm**, **farm house**, **watchtower house**, **fence**, **pond with fish**, **bridge**, and **well**. Then add a **few animals**.

Record **one video** — one take, no stopping (a phone is fine). Show these in order:

1 · Your code. Scroll through it. Say what each part does.

2 · Your build. Point the camera. Name the parts.

Say these out loud, filling in the blanks:

Today I built _____.

I built it using this code: _____.

In this code I used _____.

The hardest part was _____.

That part was hard because _____.

The most fun part was _____.

Something new I learned was _____.
