

M000 Week 5 — English Worksheet (Beginner)

Topic: Roofed House · **Course:** Builder Basics · **Level:** Beginner · **Time:** about 30 minutes

1 · Predict 🧠

Read the steps. Before you imagine the agent doing it, circle or write your answer.

```
repeat 4 times:
  repeat 4 times:
    place block down
    move forward
  turn right
```

What shape does this make on the ground? Circle one: line · square · tower

Why does the agent turn right after each side?

```
move up by 1
repeat 3 times:
  place block down
  move forward
```

Do the new blocks land at the same height as before, or higher? Circle one: same · higher

2 · Find the Difference 🐛

Each pair shows clean steps first, then a broken version of the same idea. Circle what's different and write one short sentence about the bug.

Pair A — The agent should place 5 blocks.

```
# clean
repeat 5 times:
    place block down
    move forward
```

```
# buggy
repeat 4 times:
    place block down
    move forward
```

What is wrong?

Pair B — The agent should build one straight side, **then** turn.

```
# clean
repeat 4 times:
    place block down
    move forward
turn right
```

```
# buggy
repeat 4 times:
    place block down
    move forward
    turn right
```

What is wrong?

3 · Fill the Gap

The roof must go **on top** of the walls, so the agent has to go up first. One line is missing. Fill it in using the word bank.

```
_____
place block down
move forward
place block down
```

Word bank: move up by 1 · turn right · move forward

Write the missing line:

4 · Tell Me What You Built 📷

Now switch to your homework world. Build a **small house with a roof** — any size you like. When you finish, come back here.

Send a photo or video of your house, then explain what you did. Use these sentence starters — write 2 or 3 sentences.

I used a loop to ...

My roof works because ...

The hardest part was ...

Submit ✓

Send this worksheet + a photo or video of your finished house to teacher on KakaoTalk.
