

M004 Week 8 — English Worksheet (Beginner)

Topic: Final — Your Minigame / Dungeon · **Course:** Functions & Games · **Level:** Beginner · **Time:** about 30 minutes

This is your **final week** — no new ideas. You combine what you already know — functions, chat commands, sensing, and events — into a playable **minigame or dungeon**.

1 · Predict 🧠

Read the steps. Before you imagine the game running, circle or write your answer.

```
on chat command "start":  
    teleport player to room 1  
    say "Find the gold block!"
```

A friend types **start**. Does the game begin? Circle one: yes · no

Why?

```
on player walks on gold block:  
    say "You win!"  
    give player 1 diamond
```

The player walks on grass. Do they win? Circle one: yes · no

2 · Find the Difference 🐛

Each pair shows clean steps first, then a broken version of the same idea. Circle what's different and write one short sentence about the bug.

Pair A — The trap should fire **only on red carpet**, not at spawn.

```
# clean
on player walks on red carpet:
    spring_trap()
```

```
# buggy
on player walks:
    spring_trap()
```

What is wrong? What happens the moment the game starts?

Pair B — The gold block is the **goal**, the red carpet is the **trap**.

```
# clean
on player walks on gold block:
    say "You win!"
```

```
# buggy
on player walks on red carpet:
    say "You win!"
```

What is wrong? Where does the buggy game say "You win!"?

3 · Fill the Gap

The player should win on the gold block. One word is missing. Fill it in using the word bank.

```
on player walks on ____ block:  
  say "You win!"  
  give player 1 diamond
```

Word bank: gold · trap · start

Write the missing word:

4 · Tell Me What You Built 📷

Now switch to your homework world and build your own minigame or dungeon. Plan first: pick a goal, one trap, and one reward. Then build and try it like a player.

Send a photo or video of someone playing your game, then explain what you built. Use these sentence starters — write 2 or 3 sentences.

My game's goal is ...

My trap is ... and my reward is ...

One tricky moment was when ...

5 · Record Your Walkthrough 🎥

Take a video on your phone (or a parent's phone) while you play your minigame from start to finish. Talk like you are teaching a friend. Try to use these words: **goal, trap, reward**.

1. Type your start command and show what happens.
2. Show the trap, then show reaching the goal.
3. Say in your own words how your game works.

Write what you will say in your video. You can read from it while filming.
