

RB003 Week 5 — English Worksheet (Beginner)

Topic: Buy Buttons — Spend Cash to Unlock Upgrades · **Course:** Tycoon Engineer · **Level:** Beginner ·

Time: about 30 minutes

This week your tycoon gets **buy buttons** — touch pads that take the player's cash and unlock a new upgrade by **cloning** a model.

1 · Predict 🧠

Read the script. Before you imagine it running in Studio, circle or write your answer.

```
local price = 50

if cash.Value >= price then
    print("Bought!")
end
```

The player has exactly 50 cash. Does "Bought!" print? Circle one: yes · no

Why?

```
local price = 50

if cash.Value >= price then
    print("Bought!")
end
```

Now the player has only 30 cash. Does "Bought!" print? Circle one: yes · no

2 · Find the Difference 🐛

Each pair shows clean code first, then a broken version of the same idea. Circle what's different and write one short sentence about the bug.

Pair A — The buy button should **take the player's cash** when they buy.

```
-- clean
if cash.Value >= price then
  cash.Value -= price
  model.Parent = workspace
end
```

```
-- buggy
if cash.Value >= price then
  model.Parent = workspace
end
```

What is wrong? Why is the upgrade free in the buggy code?

Pair B — A player with **exactly** 50 cash should be able to buy.

```
-- clean
if cash.Value >= price then
  cash.Value -= price
end
```

```
-- buggy
if cash.Value > price then
  cash.Value -= price
end
```

What is wrong? The player has exactly 50 cash — which version lets them buy?

3 · Fill the Gap

The buy button should make a copy of the upgrade and put it in the world. One word is missing. Fill it in using the word bank.

```
local model = upgradeModel:____()  
model.Parent = workspace
```

Word bank: Clone · Touched · Destroy

Write the missing word:

4 · Tell Me What You Built 📷

Now switch to your tycoon in Roblox Studio. Build a buy button that takes cash and unlocks an upgrade. When you finish, come back here.

Send a photo or video of your buy button working, then explain what you did. Use these sentence starters — write 2 or 3 sentences.

My buy button costs ...

When I step on it, ...

One tricky moment was when ...

5 · Record Your Walkthrough 🎥

Take a video on your phone (or a parent's phone) while you test your buy button. Talk like you are teaching a friend. Try to use these words: **buy button**, **price**, **clone**.

1. Show your cash, then step on your buy button.
2. Show the new upgrade appearing.
3. Say in your own words what **Clone** does.

Write what you will say in your video. You can read from it while filming.
