

RB003 Week 8 — English Worksheet (Beginner)

Topic: Ship It — Publish & Present · **Course:** Tycoon Engineer · **Level:** Beginner · **Time:** about 30 minutes

This week you **publish** your tycoon so anyone can play it, then present your work.

1 · Predict 🌟

Read each one. Before you imagine it happening, circle or write your answer.

Game Settings → Permissions

Playability: Private

Your friend clicks your game link. Can they play? Circle one: yes · no

Why?

```
store:SetAsync(player.UserId, cash.Value)
```

Your saving script works. You earn 200 cash, leave, and join again. Is your cash still 200? Circle one: yes · no

2 · Find the Difference 🦊

Each pair shows the right way first, then a broken version of the same idea. Circle what's different and write one short sentence

Pair A – Friends should be able to join your game.

```
-- clean
Playability: Public
```

```
-- buggy
Playability: Private
```

What is wrong? Who can play the buggy version?

Pair B – Friends should see your **newest** version.

```
-- clean
1. Change your prices
2. File → Publish to Roblox
```

```
-- buggy
1. Change your prices
2. Close Studio
```

What is wrong? Which version do your friends see in the buggy steps?

3 • Fill the Gap

To test saving in Studio, one setting must be on. One word is missing. Fill it in using the word bank.

```
Game Settings → Security
[✓] Enable Studio Access to API ____
```

Word bank: Services • Parts • Friends

Write the missing word:

Now publish your tycoon: give it a **name** and an **icon**, and set it to **Public**. Then play your published game – earn cash, leave, rejoin, and check your cash is still there.

Send a photo or video of your game's page, then explain. Use these sentence starters – write 2 or 3 sentences.

My game is called ...

My favorite part is ...

The hardest bug was ...

5 • Record Your Walkthrough 📹

Take a video on your phone (or a parent's phone) – this is your **presentation**. Talk like you are showing your game to a new player. Try to use these words: **publish**, **public**, **upgrade**.

1. Show your game's page – its name and icon.
2. Play: earn cash and buy one upgrade.
3. Leave and rejoin – show your cash is still there.

Write what you will say in your video. You can read from it while filming.
