

Builder Basics — The Living Village (Extension · Advanced)

Topic: Bring It All Together · **Course:** Builder Basics · **Level:** Advanced · **Time:** about 90 minutes

 Bonus challenge, after **Complete Your Village**. Here you use **loops**, **variables** for sizes, and **one function you call more than once**.

1 · The Build

Two houses already stand: the **farm house**  and a tall house . Add a **watchtower** on the tall house, then build the other six parts with code.

Every part must meet its spec:

Part	Spec
 Watchtower	on the tall house, ≥ 4 blocks taller than it
 Farm	2 crop types , planted in rows by a loop
 Fence	fully encloses the farm or the animals — no gaps
 Pond	a dug dip filled with water — measure its width W
 Fish	≥ 3 fish in the pond
 Bridge	spans the pond: length = W
 Well	square rim, water inside
 Animals	≥ 4 , inside the fence

 **Rules:** loops for anything repeated · **variables** for sizes · **one function** you call for **2 or more** parts · only animals are spawned, everything else is code.

2 · Plan the Map 🗺

This is your village from above. 🟡 = farm house, 🟣 = tall house. **x** goes across, **z** goes forward.

	1	2	3	4	5	6
6						
5		🟣				
4						
3					🟡	
2						
1						

Draw the other six parts on the map. Write the (x, z) corner where each one starts.

Bridge length = pond width W. What is your W, and how did you measure it?

3 · Loops, Variables, Functions

The one function you call twice or more — what does it build, and what does it take in?

Which sizes are variables? Name two and why.

4 · Show Your Work 📷 🎥

Build all eight parts to spec, then move the agent between them so nothing overlaps.

Record **one video** — one take, no stopping (a phone is fine). Show these in order:

1 · Your code. Scroll through it. Say what each part does.

2 · Your build. Point the camera. Name the parts.

Fill the blanks:

Today I built _____.

I built it using this code: _____.

In this code I used _____.

The hardest part was _____.

That part was hard because _____.

The most fun part was _____.

Something new I learned was _____.

Write your lines here, then say them in your video.
