

🌀 M002 · While Loop

Topic: Repeat Until a Wall · **Course:** Maze Madness · **Level:** Beginner · **Time:** about 25 minutes

A while loop repeats. It runs until a wall stops it.

1 · Read It 🧠

```
while no wall ahead:  
    move forward
```

When does the agent stop? Circle one: after 3 steps · at the wall · never

Why? Circle one: a wall · it is tired · time is up

2 · Match It

Draw a line.

Code	Means
while	check the wall
no wall ahead	true keeps it going
move forward	repeat

3 · Fill One Word

The agent walks until the wall.

```
while ____ wall ahead:  
    move forward
```

Missing word? Circle one: no · big · one

4 · Show Your Work 📷 🎥

Open your homework world. Use a while loop to move the agent down the straight maze to the wall.

Record **one video** — one take, no stopping (a phone is fine). Show these in order:

1 · Your code. Scroll through it. Say what each part does.

2 · Your build. Point the camera. Name the parts.

Say these out loud, filling in the blanks:

Today I built ____.

I built it using this code: ____.

In this code I used ____.

The hardest part was ____.

That part was hard because ____.

The most fun part was ____.

Something new I learned was ____.
