

RB001 Week 8 — English Worksheet (Beginner)

Topic: Ship It — Publish & Present · **Course:** Obby Architect · **Level:** Beginner · **Time:** about 30 minutes

This week you **ship** your obby. In Roblox Studio: **File** → **Publish to Roblox**, give your game a name and description, and turn on **Public** so friends can play it.

1 · Predict 🧠

Read the checklist. Circle or write your answer.

```
Game name:    My Obby
Published:    yes
Public:       OFF (Private)
```

Your friend clicks your game link. Can your friend play it? Circle one: yes · no

Why?

```
Game name:    My Obby
Published:    yes
Public:       ON
```

You turn Public ON. Can your friend play it now? Circle one: yes · no

2 · Find the Difference 🦎

Each pair shows a clean checklist first, then a broken one. Circle what's different and write one short sentence about the problem.

Pair A — Friends should be able to find and play the game.

```
-- clean
Game name:    Super Lava Run
Description:  Jump over lava and win!
Public:       ON
```

```
-- buggy
Game name:    Super Lava Run
Description:  Jump over lava and win!
Public:       OFF (Private)
```

What is wrong? What does your friend see?

Pair B — New parts only go online when you publish **again**.

```
-- clean
Built new section in Studio
File → Publish to Roblox again
Friend plays the new section
```

```
-- buggy
Built new section in Studio
(did not publish again)
Friend plays the old game
```

What is wrong?

3 · Fill the Gap

To put your game online, you use this menu. One word is missing. Fill it in using the word bank.

File → _____ to Roblox

Word bank: [Publish](#) · [Print](#) · [Play](#)

Write the missing word:

4 · Tell Me What You Built 📷

Now publish your obby: **File** → **Publish to Roblox**, write a name and a short description, and turn on **Public**. Open your game's page on the Roblox website. When you finish, come back here.

Send a photo or video of your game's public page, then tell us about your game. Use these sentence starters — write 2 or 3 sentences.

My game is called ... and in it you ...

The hardest bug I fixed was ...

Next, I would build ...

5 · Record Your Walkthrough 🎥

This is your **presentation video**. Take a video on your phone (or a parent's phone) and present your published game. Try to use these words: **publish, public, bug**.

1. Show your game's page and say its name.
2. Play through one section of your obby.
3. Tell one bug you fixed and how you fixed it.

Write what you will say in your video. You can read from it while filming.
