

M003 Week 5 — English Worksheet (Beginner)

Topic: Recreate the Statues (x, y, z) · **Course:** 3D Coordinates · **Level:** Beginner · **Time:** about 30 minutes

A statue is just blocks **stacked up**. A little body, then a head on top. Every block needs **three** numbers: **(x, y, z)**. x is **across**, y is **up**, z is **forward**. To go higher, change the **2nd number (y)**.

🕒 Every coordinate is (x, y, z)

1st = X

across →

2nd = Y

up ↑ (height)

3rd = Z

forward ↗

● Stand on your **home spot** (red block) every run. Move your feet, move your head.

1 · Predict 🧠

Read the blocks. Look at the numbers. Do **not** run it.

```
place gray block at (3, 0, 3)
place gray block at (3, 1, 3)
place gray block at (3, 2, 3)
```

Across, up, or deeper? Circle one. Which number changes?

```
place gray block at (3, 0, 3)
place gray block at (4, 0, 3)
```

Across, up, or deeper? Circle one. Which number changes?

2 · Spot the Bug 🐛

The head should sit **on top** of the body. To go up, the **2nd number (y)** must be **bigger**. Here the head uses the **same y** as the body, so it hides inside.

```
# buggy – head inside the body
place gray block at (3, 1, 3)
place white block at (3, 1, 3)
```

Fix it. The body is at $y = 1$, so the head must go one higher.

```
# fixed
place gray block at (3, 1, 3)
place white block at (3, ____, 3)
```

Word bank: 0 · 1 · 2

Write the missing number:

Why was the buggy one wrong? One short sentence.

3 · Build It 📷

Warm-up: in your world, place 2 gray blocks on top of each other — a little body.

Now build a small statue. Stack 3 gray blocks for the body, then 1 white block on top for the head.

 Recipe (stand on your home spot first, feet on the ground $y = 0$): - body: gray at (3, 0, 3), then (3, 1, 3), then (3, 2, 3) - head: white at (3, 3, 3)

If you finish early, try the big one: make the body taller.

Send a **photo or video**, then write 2 sentences.

I built a statue with a body and a ...

To go up I changed the ... number.

4 · Explain It

Take a short video of your statue. Try to use these words: **x, y, z, up**.

1. Stand on your home spot.
2. Point at the body and read one block: "x ..., y ..., z ...".
3. Point at the head and say which number made it go up.

Write the 2 sentences you will say. You can read them while filming.
