

M000 Week 6 — English Worksheet (Beginner)

Topic: Building a Well · **Course:** Builder Basics · **Level:** Beginner · **Time:** about 30 minutes

1 · Predict 🧐

Read the steps. Before you imagine the agent doing it, circle or write your answer.

```
repeat 2 times:
  destroy block down
  move down by 1
```

Does the agent build up or dig down? Circle one: build up · dig down

How deep is the hole?

```
repeat 4 times:
  repeat 3 times:
    place block down
    move forward
  turn right
```

What shape does this make on the ground? Circle one: line · square · hole

2 · Find the Difference 🐛

Each pair shows clean steps first, then a broken version of the same idea. Circle what's different and write one short sentence about the bug.

Pair A — The agent should dig down 3 blocks. After each **destroy**, it must move down into the hole.

```
# clean
repeat 3 times:
  destroy block down
  move down by 1
```

```
# buggy
repeat 3 times:
  destroy block down
```

What is wrong?

Pair B — The agent should build the square wall **first**, then dig.

```
# clean
[build square wall]
[dig down]
```

```
# buggy
[dig down]
[build square wall]
```

What is wrong? Think: where is the agent after it digs?

3 · Fill the Gap

The agent should dig a hole 2 blocks deep. One line is missing. Fill it in using the word bank.

```
destroy block down  
move down by 1  
_____  
move down by 1
```

Word bank: destroy block down · place block down · move forward

Write the missing line:

4 · Tell Me What You Built 📷

Now switch to your homework world. Build a **small well** — a square wall on top, and a hole **2 or 3 blocks deep** inside it. When you finish, come back here.

Send a photo or video of your well, then explain what you did. Use these sentence starters — write 2 or 3 sentences.

First, I built the square wall by ...

Then I dug down by ...

The hardest part was ...

5 · Record Your Walkthrough 🎥

Take a video on your phone (or a parent's phone) and show your well. Talk like you are teaching a friend. Try to use these words: **square, wall, dig, deep**.

1. Show the well from outside, then look down inside it.
2. Read your dig loop out loud.
3. Say how deep the well goes.

Write what you will say in your video. You can read from it while filming.
