

🌀 M002 Week 2 — English Worksheet

Topic: Turning at Walls · **Course:** Maze Madness · **Time:** about 45 minutes

This week your agent follows one simple rule: if there's a wall in front, turn; if not, move forward.

1 · Predict 🧠

Read each set of steps. Before you imagine the agent doing it, write what you think will happen.

```
if wall ahead:
    turn right
otherwise:
    move forward
```

What does the agent do if there's a wall in front? What if the path is clear?

```
keep doing forever:
    if wall ahead:
        turn right
    otherwise:
        move forward
```

What is the agent doing in plain English?

```
direction = "right"

if direction is "left":
    turn left
otherwise if direction is "right":
    turn right
otherwise:
    move forward
```

What does the agent do? What would change if **direction** was set to **"back"** ?

2 · Spot the Bug 🐛

Each pair shows clean steps first, then a broken version of the same idea. Circle what's different and explain the bug in one short sentence.

Pair A

```
# clean
if wall ahead:
    turn right
otherwise:
    move forward
```

```
# buggy
if path is clear:
    turn right
otherwise:
    move forward
```

What is wrong?

Pair B

```
# clean
if wall ahead:
    turn right
otherwise:
    move forward
```

```
# buggy
if wall ahead:
    turn right
    move forward
```

What is wrong?

Pair C

```
# clean
if direction is "left":
    turn left
otherwise if direction is "right":
    turn right
otherwise:
    move forward
```

```
# buggy
if direction is "left":
    turn right
otherwise if direction is "right":
    turn left
otherwise:
    move forward
```

What is wrong?

3 · Tell Me What You Built 📷

Now switch to your homework world. Get your agent through this week's maze using **if** / **otherwise** . When you finish, come back here.

Send a photo or video of your agent solving the maze, then explain what you did. Use these sentence starters — write 4 to 6 sentences total.

First, I read the maze and noticed ...

I chose **if** / **otherwise** because ...

The condition I checked was ...

My agent got stuck when ...

I fixed it by ...

Next time, I want to try ...
