

## M003 Week 4 — English Worksheet (Beginner)

**Topic:** Adding Height (3D begins) · **Course:** 3D Coordinates · **Level:** Beginner · **Time:** about 30 minutes

This week a position gets a **third number: (x, y, z)**. The new number **y is height**.  $y = 0$  is the ground, and bigger  $y$  means higher up.

### 1 · Predict 🧠

Read the steps. Before you imagine it happening, circle or write your answer.

```
set y to 0
repeat 5 times:
  place stone block at (3, y, 3)
  add 1 to y
```

**y grows by 1 each time. Does this build a tower going up? Circle one:** yes · no

**Why?**

|  |
|--|
|  |
|  |
|  |

```
place gold block at (2, 6, 2)
```

**y is 6. Is the gold block high in the air? Circle one:** yes · no

|  |
|--|
|  |
|  |
|  |

## 2 · Find the Difference 🐛

Each pair shows clean steps first, then a broken version of the same idea. Circle what's different and write one short sentence about the bug.

**Pair A** — The tower should go **up**, so the **middle** number must grow.

```
# clean
set y to 0
repeat 4 times:
  place stone block at (3, y, 3)
  add 1 to y
```

```
# buggy
set z to 0
repeat 4 times:
  place stone block at (3, 0, z)
  add 1 to z
```

What is wrong? Does the buggy tower go up?

|  |
|--|
|  |
|  |
|  |

**Pair B** — The tower should start **on the ground**, where y is 0.

```
# clean
set y to 0
repeat 4 times:
  place stone block at (2, y, 2)
  add 1 to y
```

```
# buggy
set y to 3
repeat 4 times:
  place stone block at (2, y, 2)
  add 1 to y
```

What is wrong? Where does the buggy tower start?

|  |
|--|
|  |
|  |
|  |

### 3 · Fill the Gap

The tower should grow **up into the sky**. One word is missing. Fill it in using the word bank.

```
set y to 0
repeat 5 times:
  place stone block at (3, y, 3)
  add 1 to ____
```

Word bank: y · x · z

Write the missing word:

|  |
|--|
|  |
|  |
|  |

## 4 · Tell Me What You Built 📷

Now switch to your homework world. Build a **tower** that goes up using a loop, then put a gold block in the air above it. When you finish, come back here.

Send a photo or video of your tower, then explain what you did. Use these sentence starters — write 2 or 3 sentences.

My tower is ... blocks tall.

The number that grew was **y**, which means ...

One tricky moment was when ...

---

## 5 · Record Your Walkthrough

Take a video on your phone (or a parent's phone) while you show your tower in the world. Talk like you are teaching a friend. Try to use these words: **y**, **height**, **tower**, **up**.

1. Show your tower from the bottom to the top.
2. Read your loop out loud and say which number grows.
3. Say in your own words what **y** means.

**Write what you will say in your video.** You can read from it while filming.
