

M003 Week 8 — English Worksheet (Beginner)

Topic: Final — Two-Faced Statue · **Course:** 3D Coordinates · **Level:** Beginner · **Time:** about 30 minutes

This is your final build. No new commands — just everything from this course together. Your statue shows **one picture from the front** and a **different picture from the side**. The two faces meet at one corner.

1 · Predict 🧠

Read the steps. Before you imagine it happening, circle or write your answer.

```
fill stone from (0, 0, 0) to (4, 4, 0)
```

From the front you see a big square. From the side, do you see the same big square? Circle one:
yes · no

Why?

```
front face: fill stone from (0, 0, 0) to (4, 4, 0)
side face:  fill stone from (0, 0, 0) to (0, 4, 4)
```

Both faces go up to height 4. Are the two faces the same height? Circle one: yes · no

2 · Find the Difference 🐛

Each pair shows clean steps first, then a broken version of the same idea. Circle what's different and write one short sentence about the bug.

Pair A — The side face should sit at the **corner** ($x = 0$), not cut through the front picture.

```
# clean
fill stone from (0, 0, 0) to (4, 4, 0)
fill stone from (0, 0, 0) to (0, 4, 4)
```

```
# buggy
fill stone from (0, 0, 0) to (4, 4, 0)
fill stone from (2, 0, 0) to (2, 4, 4)
```

What is wrong? What happens to the front picture?

Pair B — Both faces should be the **same height**.

```
# clean
fill stone from (0, 0, 0) to (4, 4, 0)
fill stone from (0, 0, 0) to (0, 4, 4)
```

```
# buggy
fill stone from (0, 0, 0) to (4, 4, 0)
fill stone from (0, 0, 0) to (0, 2, 4)
```

What is wrong?

3 · Fill the Gap

Both faces should go up to the **same height**. One number is missing. Fill it in using the word bank.

```
fill stone from (0, 0, 0) to (4, 4, 0)
fill stone from (0, 0, 0) to (0, ____, 4)
```

Word bank: 4 · 2 · 9

Write the missing number:

4 · Tell Me What You Built 📷

Now switch to your homework world. Draw your **front picture** and your **side picture** on paper first, then build your two-faced statue so the faces meet at one corner. When you finish, come back here.

Send a photo or video of **both views**, then explain what you did. Use these sentence starters — write 2 or 3 sentences.

My front picture is ... and my side picture is ...

The two faces meet at ...

One tricky moment was when ...

5 · Record Your Walkthrough 🎥

Take a video on your phone (or a parent's phone) while you walk around your statue. Talk like you are teaching a friend. Try to use these words: **front view**, **side view**, **face**, **height**.

1. Stand in front of the statue and say what the front picture shows.
2. Walk to the side and say what the side picture shows.
3. Say in your own words how the statue shows two different pictures.

Write what you will say in your video. You can read from it while filming.
