

Builder Basics Pre-Lesson — Get Comfy in Minecraft

Topic: Moving & Building · **Course:** Builder Basics · **Time:** about 15 minutes

A warm-up **before Lesson 1** — no coding. Open your Minecraft world and get comfortable moving and building.

1 · Move Around

Try each one. Tick the box when you can do it.

- ☐ Walk
- ☐ Look around
- ☐ Jump
- ☐ Tap to place a block
- ☐ Hold to break a block

On a tablet: **left thumb pad** to move, **drag the right side** to look, **tap** to place a block, **hold** to break one.

2 · Build a House 🏠

Build a small house. Any size is fine. It needs **3 things**:

- ☐ Walls (use any block)
- ☐ A door
- ☐ A window (use a **glass pane**)

3 · Show Your Work 📷 🎥

Record **one video** — one take, no stopping (a phone is fine). Show these in order:

1 · Your code. Scroll through it. Say what each part does.

2 · Your build. Point the camera. Name the parts.

Fill the blanks:

Today I built _____.

I built it using this code: _____.

In this code I used _____.

The hardest part was _____.

That part was hard because _____.

The most fun part was _____.

Something new I learned was _____.

Write your lines here, then say them in your video.
