

Maze Madness Extension 1 — Redstone Trail Solver

Topic: Redstone Trail Solver (3D Cube Maze) · **Course:** Maze Madness · **Level:** Extension (Beginner) ·

Time: about 30 minutes

The agent follows a **redstone trail** that goes up and down. Type `run` to start it.

1 · Chat Words

A chat word makes the agent move.

```
type "l":  
  turn left
```

Type `l`. **Circle one:** left · right · jump

```
type "r1":  
  come back to you
```

Type `r1`. **Circle one:** to goal · back to you

2 · Follow the Trail 🔍

The agent reads redstone and follows it.

```
redstone below me:  
  move up
```

Redstone is below. Circle one: up · down

```
redstone above me:  
  move down
```

Redstone is above. Circle one: up · down

3 · Fill the Gap

Redstone below means go **up**. One word is missing.

```
redstone below me:
```

```
  move _____
```

Missing word? Circle one: up · down · left

4 · Show Your Work 📷 🎥

Open the world and type `run`. Watch the agent reach the goal.

Record **one video** — one take, no stopping (a phone is fine). Show these in order:

1 · Your code. Scroll through it. Say what each part does.

2 · Your build. Point the camera. Name the parts.

Say these out loud, filling in the blanks:

Today I built ____.

I built it using this code: ____.

In this code I used ____.

The hardest part was ____.

That part was hard because ____.

The most fun part was ____.

Something new I learned was ____.
