

Maze Madness Extension 3 — Builder Challenge

Topic: Build a Maze + Solve It · **Course:** Maze Madness · **Level:** Extension (Beginner) · **Time:** about 30 minutes

You make the maze. Build **6 parts**, then write code to reach the end.

Open **M002 EXT 3 — Cube World**. Chat: **l** = left, **r** = right, **run** = go, **rl** = back to start.

Your maze needs: **2 pistons, 2 doors, 4 AND, 1 OR**.

1 · Plan 6 Parts

Say your plan out loud in your video: name one thing for each of the 6 parts (a turn, a door, or a piston). Which 2 get a piston, and which 2 get a door?

2 · Build It

Build it. Walk it yourself first. Tick each box.

☐ Part 1 ☐ Part 2 ☐ Part 3 ☐ Part 4 ☐ Part 5 ☐ Part 6

☐ Piston #1 ☐ Piston #2

☐ Door #1 ☐ Door #2

☐ START block ☐ GOAL block

3 · AND · OR 🔍

AND = both true. **OR** = one true.

```
if block on left AND redstone ahead:  
    turn left
```

Block on left, but NO redstone ahead. Does it turn? Circle: yes · no

4 · Show Your Work 📷 🎥

Type `run`. If it stops, fix it and run again — use `r1` to go back — until the agent hits the **GOAL**.

Record **one video** — one take, no stopping (a phone is fine). Show these in order:

1 · Your code. Scroll through it. Say what each part does.

2 · Your build. Point the camera. Name the parts.

Say these out loud, filling in the blanks:

Today I built ____.

I built it using this code: ____.

In this code I used ____.

The hardest part was ____.

That part was hard because ____.

The most fun part was ____.

Something new I learned was ____.
