

## RB002 Week 1 — English Worksheet (Beginner)

**Topic:** Build Your World — Terrain & Anchored Models · **Course:** Story Quest · **Level:** Beginner · **Time:** about 30 minutes

This week you build the land for your quest world with the **Terrain Editor** and review **Anchored**. The code below is review from RB001.

### 1 · Predict

Read the script. Before you imagine running it, circle or write your answer.

```
print("Hello, hero!")
print("Goodbye, hero!")
```

Does **Hello, hero!** print first? Circle one: yes · no

Why?

|  |
|--|
|  |
|  |
|  |

```
local rock = script.Parent
rock.Anchored = true
```

The rock is floating in the sky. Does it fall down when the game starts? Circle one: yes · no

|  |
|--|
|  |
|  |
|  |

## 2 · Find the Difference 🦎

Each pair shows clean code first, then a broken version of the same idea. Circle what's different and write one short sentence about the bug.

**Pair A** — The sign should turn green.

```
-- clean
local sign = script.Parent
sign.Color = Color3.fromRGB(0, 255, 0)
```

```
-- buggy
local sign = script.Parent
Sign.Color = Color3.fromRGB(0, 255, 0)
```

**What is wrong? Look at the small letters and big letters.**

|  |
|--|
|  |
|  |
|  |

**Pair B** — The rock should stay in the sky.

```
-- clean
local rock = script.Parent
rock.Anchored = true
```

```
-- buggy
local rock = script.Parent
rock.Anchored = false
```

**What is wrong? What does the buggy rock do?**

|  |
|--|
|  |
|  |
|  |

### 3 · Fill the Gap

The rock should stay still in the sky. One word is missing. Fill it in using the word bank.

```
local rock = script.Parent  
rock._____ = true
```

**Word bank:** Anchored · Color · Transparency

**Write the missing word:**

|  |
|--|
|  |
|  |
|  |

## 4 · Tell Me What You Built 📷

Now switch to your own quest world in Roblox Studio. Build your terrain and a spawn area. When you finish, come back here.

Send a photo or video of your quest world, then explain what you built. Use these sentence starters — write 2 or 3 sentences.

My quest world is a ...

I anchored ... so that ...

One tricky moment was when ...

---

## 5 · Record Your Walkthrough 🎥

Take a video on your phone (or a parent's phone) while you walk through your quest world. Talk like you are giving a tour to a friend. Try to use these words: **terrain, anchored, spawn**.

1. Show your whole world, then walk through the spawn area.
2. Point at one anchored part and say why it does not fall.
3. Say which part of your world you like the most.

**Write what you will say in your video.** You can read from it while filming.

|  |
