

RB004 Week 8 — English Worksheet (Beginner)

Topic: Ship It — Publish & Playtest Party · **Course:** Arena Legends · **Level:** Beginner · **Time:** about 30 minutes

This is launch week. You **publish** your arena, make it **Public**, and join the class **playtest party** — everyone plays everyone's arena.

1 · Predict 🧠

These are pieces of a round loop like yours. Find the matching part in **YOUR** script, then circle or write your answer.

```
status.Value = "Intermission..."
task.wait(10)
```

Does **YOUR** game have an intermission before the round? Circle one: yes · no

How many seconds is it?

```
if points.Red >= Settings.WinScore then
    status.Value = "Red team wins!"
end
```

Open **YOUR** Settings ModuleScript. Is your **WinScore** bigger than 1? Circle one: yes · no

2 · Find the Difference 🐉

These are **launch checklist** settings, not scripts. Each pair shows the good setting first, then a broken one. Circle what's different and write one short sentence about the problem.

Pair A — Your whole class should be able to join at the same time.

```
-- good
Maximum Player Count: 10
```

```
-- broken
Maximum Player Count: 1
```

What is wrong? What happens at the playtest party?

Pair B — Your classmates need to be able to join your game.

```
-- good
Playability: Public
```

```
-- broken
Playability: Private
```

What is wrong?

3 · Fill the Gap

This SpawnLocation should be for the **Red team only**, so **Neutral** must be off. One word is missing. Fill it in using the word bank.

```
SpawnLocation → Properties  
Neutral: ____  
TeamColor: Bright red
```

Word bank: **false** · **true** · **red**

Write the missing word:

4 · Tell Me What You Built 📷

Now publish your arena: **File** → **Publish to Roblox**, then Game Settings → Permissions → **Public**. Join the class playtest party. When you finish, come back here.

Send a photo or video of your published game page or classmates in your arena, then explain. Use these sentence starters — write 2 or 3 sentences.

My game mode is ...

My favorite script in my game is ...

When my classmates played my arena, ...

5 · Record Your Walkthrough

Take a video on your phone (or a parent's phone) — this one is your **launch trailer**. Talk like you are showing your game to a new player. Try to use these words: **publish**, **Public**, **round**.

1. Show your game page on Roblox and say its name.
2. Play part of a round: spawn, score, winner message.
3. Show your favorite script and say what it does.

Write what you will say in your video. You can read from it while filming.
