

M000 Week 4 — English Worksheet (Beginner)

Topic: House Walls (No Roof) · **Course:** Builder Basics · **Level:** Beginner · **Time:** about 30 minutes

1 · Predict 🧠

Read the steps. Before you imagine the agent doing it, circle or write your answer.

```
repeat 5 times:  
  place block down  
  move forward
```

Is this lying flat on the ground or standing up tall? Circle one: flat · tall

What is it — a wall on the ground, or a tower?

```
repeat 5 times:  
  place block down  
  move up by 1
```

Is this lying flat on the ground or standing up tall? Circle one: flat · tall

How tall is it?

2 · Find the Difference 🐛

Each pair shows clean steps first, then a broken version of the same idea. Circle what's different and write one short sentence about the bug.

Pair A — The agent should build a wall **5 blocks long** on the ground.

```
# clean
repeat 5 times:
    place block down
    move forward
```

```
# buggy
repeat 4 times:
    place block down
    move forward
```

What is wrong?

Pair B — The agent should build a wall going **up**, not along the ground.

```
# clean
repeat 5 times:
    place block down
    move up by 1
```

```
# buggy
repeat 5 times:
    place block down
    move forward
```

What is wrong?

3 · Fill the Gap

The agent should build one wall, then turn, then build a second wall. One line is missing. Fill it in using the word bank.

```
repeat 5 times:  
  place block down  
  move forward
```

```
_____  
repeat 5 times:  
  place block down  
  move forward
```

Word bank: turn right · move up by 1 · place block down

Write the missing line:

4 · Tell Me What You Built 📷

Now switch to your homework world. Build **one wall** for your house — about 5 blocks long and 3 blocks tall. When you finish, come back here.

Send a photo or video of your wall, then explain what you did. Use these sentence starters — write 2 or 3 sentences.

My loop did ...

My wall is ... blocks long and ... blocks tall.

The hardest part was ...

5 · Record Your Walkthrough

Take a video on your phone (or a parent's phone) and show your wall. Talk like you are teaching a friend. Try to use these words: **loop**, **repeat**, **wall**, **block**.

1. Show the wall and say how long and tall it is.
2. Read your loop out loud.
3. Show one bug you hit and how you fixed it.

Write what you will say in your video. You can read from it while filming.
