

🌀 M002 Week 2 — English Worksheet (Beginner)

Topic: Turning at Walls · **Course:** Maze Madness · **Level:** Beginner · **Time:** about 30 minutes

This week your agent follows one simple rule: **if** there's a wall in front, turn; **otherwise**, move forward.

1 · Predict 🧠

Read the steps. Before you imagine the agent doing it, circle or write your answer.

```
if wall ahead:
    turn right
otherwise:
    move forward
```

There is a wall in front of the agent. What does it do? Circle one: turn right · move forward · nothing

What does it do if the path is clear?

```
keep doing forever:
    if wall ahead:
        turn right
    otherwise:
        move forward
```

In plain English, what is the agent doing over and over?

2 · Find the Difference 🐛

Each pair shows clean steps first, then a broken version of the same idea. Circle what's different and write one short sentence about the bug.

Pair A — The agent should turn when there is a **wall** ahead.

```
# clean
if wall ahead:
    turn right
otherwise:
    move forward
```

```
# buggy
if path is clear:
    turn right
otherwise:
    move forward
```

What is wrong? When does the buggy agent turn?

Pair B — Turning and moving should be in **different** branches — one or the other, not both.

```
# clean
if wall ahead:
    turn right
otherwise:
    move forward
```

```
# buggy
if wall ahead:
    turn right
    move forward
```

What is wrong? What does the buggy agent do right after turning?

3 · Fill the Gap

The agent should move forward when there is **no** wall. One word is missing. Fill it in using the word bank.

```
if wall ahead:  
    turn right  
_____  
    move forward
```

Word bank: otherwise · repeat · while

Write the missing word:

4 · Tell Me What You Built 📷

Now switch to your homework world. Get your agent through this week's maze using `if` / `otherwise` . When you finish, come back here.

Send a photo or video of your agent solving the maze, then explain what you did. Use these sentence starters — write 2 or 3 sentences.

The condition I checked was ...

My agent got stuck when ...

I fixed it by ...
