

RB002 Week 8 — English Worksheet (Beginner)

Topic: Ship It — Publish & Present · **Course:** Story Quest · **Level:** Beginner · **Time:** about 30 minutes

This week you **ship** your quest. Publish it to Roblox (File → Publish to Roblox), give it a name and an icon, set it to **Public**, and present it like a real game developer.

1 · Predict 🧠

Read each one. Before you imagine it, circle or write your answer.

```
print("Elder: Welcome, " .. player.Name .. "!!")
```

Your friend Mina plays your game. Does it print **Elder: Welcome, Mina!** ? Circle one: yes · no

Why?

```
Game Settings → Permissions → Private ✓
```

Your game is set to Private. Can your friend play it? Circle one: yes · no

2 · Find the Difference 🐛

Each pair shows a clean version first, then a broken version of the same idea. Circle what's different and write one short sentence about the bug.

Pair A — Friends should be able to **join** your published game.

```
-- clean
Game Settings → Permissions → Public ✓
```

```
-- buggy
Game Settings → Permissions → Private ✓
```

What is wrong? Who can play the buggy game?

Pair B — The world only has 5 crystals, so the quest must finish at 5.

```
-- clean
elseif crystals.Value >= 5 then
    questDone = true
end
```

```
-- buggy
elseif crystals.Value >= 10 then
    questDone = true
end
```

What is wrong? Can the player ever finish the buggy quest?

3 · Fill the Gap

Your friends should be able to play your game. One word is missing. Fill it in using the word bank.

Game Settings → Permissions → _____

Word bank: Public · Private · Paused

Write the missing word:

4 · Tell Me What You Built 📷

Now publish your game: File → Publish to Roblox, then add a name and an icon, and set Permissions to **Public**. When you finish, come back here.

Send a photo or video of your game page on Roblox, then explain it. Use these sentence starters — write 2 or 3 sentences.

My game is called ...

The hardest bug I had was ...

In my next update, I will ...

5 · Record Your Walkthrough 🎥

Take a video on your phone (or a parent's phone) and present your game. Talk like you are teaching a friend. Try to use these words: **publish, public, quest**.

1. Show your game page on Roblox and say its name.
2. Play your quest from start to finish.
3. Say one idea for your next update.

Write what you will say in your video. You can read from it while filming.

Submit ✓

Send this worksheet + your walkthrough video to teacher on KakaoTalk.
