

M000 Week 1 — English Worksheet (Beginner)

Topic: Agent Movement · **Course:** Builder Basics · **Level:** Beginner · **Time:** about 30 minutes

1 · Predict 🧠

Read the steps. Before you imagine the agent doing it, circle or write your answer.

```
move forward
move forward
```

How many steps does the agent take? Circle one: 1 · 2 · 3

Where is the agent now? Write one short sentence.

```
move forward
turn right
move forward
```

Does the agent walk in a straight line? Circle one: yes · no

What does **turn right** **change?**

2 · Find the Difference 🐛

Each pair shows clean steps first, then a broken version of the same idea. Circle what's different and write one short sentence about the bug.

Pair A — The agent should walk 3 steps forward.

```
# clean
move forward
move forward
move forward
```

```
# buggy
move forward
move forward
```

What is wrong?

Pair B — The agent should walk forward, then turn right.

```
# clean
move forward
turn right
```

```
# buggy
turn right
move forward
```

What is wrong?

3 · Fill the Gap

The agent should go forward 2 steps, then go **up** 2 blocks. One line is missing. Fill it in using the word bank.

move forward

move forward

Word bank: move up by 2 · turn right · move forward

Write the missing line:

4 · Tell Me What You Built 📷

Now switch to your homework world. Move your agent **5 steps forward**, then make it **turn once**. When you finish, come back here.

Send a photo or video of where the agent ended up, then explain what you did. Use these sentence starters — write 2 or 3 sentences.

First, I told the agent to ...

Then it turned ...

The agent ended up at ...

5 · Record Your Walkthrough

Take a video on your phone (or a parent's phone) and show your world. Talk like you are teaching a friend. Try to use these words: **move, forward, turn, agent**.

1. Show where the agent started.
2. Read your commands out loud.
3. Show where the agent ended up.

Write what you will say in your video. You can read from it while filming.
